OBJECTIVE

Dedicated and motivated IT student with a strong foundation in programming, web development, and project management. Skilled in React, Node.js, MongoDB, and the .NET framework, with a strong background in leadership and event coordination. Adept at problem-solving, collaboration, and leveraging technical and organizational skills for impactful contributions.

EDUCATION

Bachelor of Science in Information Technology, Mumbai University   2022 – 2025 (Expected)
CGPA (till Semester IV): 9.3

SKILLS

Technical Skills	Python, Java, C, C, C++, HTML, CSS, SQL, JavaScript, .NET Framework, React.js, Nod
Tools	Git/Github, Android Studio, Visual Studio Code, Visual Studio, PyCharm, IntelliJ IDE, N
Microsoft Office Suite	Excel, Word, PowerPoint

EXPERIENCE

Web Development Intern   Nov 2024 – Present CODSOFT   *Internship*

- Gained hands-on experience in building responsive websites using HTML, CSS, and JavaScript.
- Worked on optimizing user experience through front-end development practices.
- Developed skills in debugging, troubleshooting, and using development tools.

Java Programming Intern   Nov 2024 – Present CODSOFT   *Internship*

- Strengthened core Java programming concepts, including object-oriented programming and data structures.
- Developed Java-based applications for various business logic problems.

ReactJS Developer Intern   Nov 2024 – Present CODSOFT   *Internship*

- Built dynamic React components and implemented React Router for seamless navigation.
- Learned state management using React Hooks and Context API.

Artificial Intelligence Intern   Nov 2024 – Present CODSOFT   *Internship*

- Developed a rule-based chatbot and implemented AI algorithms like Minimax for game logic.
- Gained experience in pattern matching and basic AI-driven solutions.

PROJECTS

Notepad Clone: Created a desktop-based Notepad application using Java Swing. Implemented features like file creation, editing, saving, and opening.

Tic Tac Toe Game: Built a Python game with AI functionality using the Minimax algorithm for decision-making.

Portfolio Website: Developed a responsive personal portfolio website showcasing skills, projects, and contact information using HTML, CSS, and JavaScript.

Landing Page: Designed a modern, mobile-friendly landing page with HTML and CSS, focusing on layout, alignment, and responsive design.

Chatbot: Developed a rule-based chatbot using Python, implementing pattern matching and conditional logic for user interaction.

CERTIFICATIONS

- **Web Development Internship (Nov 2024):** Gaining hands-on experience in web development technologies such as React.js, Node.js, and MongoDB.

- **Java Programming Internship (Nov 2024):** Focused on core Java concepts and application development during an internship at CodSoft.

- **ReactJS Developer Internship (Nov 2024):** In-depth experience with ReactJS, including building dynamic components, React Router, and state management using React Hooks and Context API.

- **Artificial Intelligence Internship (Nov 2024):** Internship focusing on rule-based AI systems, chatbot development, and AI algorithms like Minimax.

LEADERSHIP

- **Administrative Volunteer, CLOUD 3.0 (IT Fest):** Coordinated event activities, assisted with document management, and ensured smooth execution of IT department tasks.

- **Head, Project & Consultancy Committee:** Led the team in organizing projects, developed reports, and ensured efficient communication between team members.

- **Social Head, Math Association:** Organized networking events, fostering a collaborative environment for students.

- **Head, CLOUD 4.0 (IT Fest):** Coordinated with colleges for participation and ensured the timely execution of event objectives.
